NATIONAL SCIENCE WEEK

National Science Week activities ran across Australia from the 13th – 21st of August and we held several activities, including a robotics display, Science based board games, creating quilled animal cells in Art and the screening of the movie 'Robots', at Parkdale Secondary College to mark the occasion. All activities were attended by a small, but enthusiastic group of students who had fun learning more about 'Drones, Droids and Robots', the theme for this year's National Science Week.

Special mention needs to be made of Mark Evans, a bioengineer who spoke about his work on the development of prosthetic robotic limbs and who was the guest speaker for the week and also Josh Pole 8B (and his mum Fiona) who brought in a robotic Darlek that he had created at home by himself! Thank you also to Mr Murrhy, Ms J Scott, Mr Loxham, Ms Fairley and Ms K Scott for leading some of the activities throughout the week.

The winners of the tutorial National Science Week Quiz were: 7C, 8L, 9E, KB and LF. Well Done!

LAPTOPS

A reminder to students:

Your laptop is your personal property and you are responsible for its safe keeping at all times. Parkdale Secondary College's ICT policy states that

2.8.5 'Students should never leave any device unattended at any time'

Page 20 Student Organiser

To reduce the risk of damage occurring, students are reminded of the following:

- o **NEVER** place your laptop on the ground (e.g. at lockers, when lining up for class or in the classroom)
- o **NEVER** place your laptop on any unstable surface, such as a chair, pile of books or ledge.
- o **NEVER** place your laptop close too or over the edge of a table.
- o If charging your laptop ensure your cord is not a tripping hazard.

REPRESENTING PARKDALE SC

Students are reminded of the importance of remembering that they are representing Parkdale SC as they travel to and from school.

Anti social behaviour in the neighbourhood reflects poorly on both the perpetrators and on the College as a whole. Our aim is for students to exhibit the 5 Parkdale Ps at all times and for the College to maintain strong Community links and respect within the region. You can help by ensuring you are behaving in a considerate manner as you travel and by informing your Tutor Group teacher of any inappropriate student behaviour you are aware of so that we can work together to ensure Parkdale students are well respected and continue to be offered opportunities in the Community.

Let's work together to continue to make Parkdale SC a great school both inside and outside of the College grounds.
